POWERSHRED® 425i

Unique Features

How the 100% Jam Proof System works:

- 1 The shredder electronically measures paper thickness to prevent paper jams.
- 2 Watch the light bar while you shred:
 - Green to yellow means you are within the recommended range
 - Red means the shredder is overfed – remove excess paper to resume shredding.
- 3 If a misfeed occurs, the 100% Jam Proof System will power through it!
